E-INTERNATIONAL RELATIONS, OCT 14 2024

On this episode of the Thinking Global Podcast, David Anderson speaks with the *Thinking Global* team in the first of our two-part series on Judith N. Shklar and International Relations. Here, David chats with Kieran (@kieranjomeara) about who Judith N. Shklar was and the qualities of her political thinking.

David Anderson (University of St. Andrews – @scotswoodworker @StAndrewsIR) is a PhD Candidate in International Relations. His research interests are broadly focused on international political theory, migration and border studies, citizenship, cruelty, and justice. In particular, David's current research focuses significantly on the (late) political thought of Judith Shklar, civil disobedience, and the conceptualisation of borders.
